The Astrophysical Journal (ISSN 0004-637X) is published three times a month (in two parts), with an annual index after the last volume of each year, for the American Astronomical Society by The University of Chicago Press, 1427 E. 60th Street, Chicago, IL 60637. Volumes consist of two issues each.

Postmaster: Send address changes to THE ASTROPHYSICAL JOURNAL, The University of Chicago Press, P.O. Box 37005, Chicago, IL 60637. Periodicals postage is paid at Chicago, Illinois, and additional mailing offices.

Notice to subscribers: Subscriptions for AAS members are handled directly by the Society. See below for specific information. All prices include shipping and taxes where applicable.

No part of the Journal may be reproduced in any form or by any means, including electronically, or transmitted by any means without permission in writing from the American Astronomical Society (AAS), except as permitted by applicable copyright law. **Copying:** Single copies of individual articles may be made for private use or research. Copies may be made for classroom use, provided that copies are not made or distributed for profit or commercial advantage and that the copies bear the AAS copyright notice. Authorization is given to copy articles beyond the use permitted by Sections 107 and 108 of the U.S. Copyright Act, provided that the copying fee of $10 per copy per article is paid to the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, U.S.A. Authorization does not extend to systematic or multiple reproduction, to copying for promotional purposes, to electronic storage or distribution, or to republication in any form. In all such cases, specific written permission from the AAS must be obtained. **Permission for other use:** Permission is granted for brief quotes from the Journal with the customary acknowledgment of the source. Reprinting a figure, table, or other excerpt requires the consent of one of the authors and notification of the AAS, at the address given below.

Microfilms of complete Journal volumes are available to regular subscribers only and may be obtained at the end of the year. Orders and inquiries should be addressed to Xerox University Microfilms, 300 North Zeeb Road, Ann Arbor, MI 48106.

Address changes: Notification of changes of address should be sent to the relevant address under "Business correspondence" above and also to the local postmaster. *Please allow four weeks for the change.*

Correspondence related to the Society should be addressed to: Dr. Robert W. Milkey, American Astronomical Society, 2000 Florida Avenue, NW, Suite 400, Washington, DC 20009.
